OBJECTIVE

Computer Science undergraduate at Sunway University (**CGPA: 3.98/4.00**), seeking a **3-month internship** from **19 January 2026 to 17 April 2026**. Passionate about software development, data analytics, and machine learning to drive innovation and efficiency in digital environments. Proficient in Python, SQL, web development, and database management, with strong analytical and problem-solving skills. Eager to contribute to projects involving software engineering, automation, and data-driven solutions.

EDUCATION

Bachelor of Science (Hons) in Computer Science - Sunway University, Selangor Sep 2023 - Present
CGPA : 3.98/4.00 [Expected graduation : Aug 2026]

Relevant courses : Object-oriented Programming, Database Management System, Software Engineering, Web Fundamentals

Australian Matriculation (AUSMAT) - Sunway College, Selangor Jun 2022 - Mar 2023
ATAR 88.9

Sijil Pelajaran Malaysia (SPM) - Sekolah Menengah Kebangsaan USJ 12, Selangor Jan 2017 - Mar 2022
11As (4A+, 4A, 3A-)

KEY PROJECTS

Sam's Café Application - <https://github.com/samuellee-e/Sams-Cafe-Application.git>

- Developed a **Scala-based** café ordering system featuring customer meal management, nutrition tracking, and administrative controls, with a modern **ScalaFX** interface and embedded database.
- Implemented using the MVC architecture, OOP principles, and reactive UI binding, demonstrating proficiency in software architecture and **Scala-JavaFX** integration.

Hexagonal Maze Treasure Hunt Solver - <https://github.com/samuellee-e/Hexagonal-Maze-Treasure-Hunt-Solver.git>

- Developed a **Python** program that solves a hexagonal maze treasure hunt using the A* search algorithm.
- Designed an interactive Matplotlib visualization displaying treasures, traps, rewards, and optimal paths.
- Integrated game elements such as movement cost modifiers, obstacles, and pathfinding heuristics to simulate intelligent maze navigation.

Sunway Automart Website - <https://github.com/samuellee-e/Sunway-Automart.git>

- Developed a comprehensive web platform designed for car enthusiasts and buyers to explore a diverse inventory of vehicles.
- Designed an intuitive, responsive web interface optimized for desktop, tablet, and mobile viewports using **HTML**, **CSS** and **JavaScript**.

Smart Vehicle Performance System

- Designed a user-friendly mobile and in-car UI with wireframes using **Figma**.
- View the [mobile app prototype](#) & [in-car display design](#).

WORKING EXPERIENCE

Brand Ambassador - Atome, Selangor Jan 2024 - Present

- Promote app adoption and usage through data-driven user engagement strategies and real-time demonstrations.
- Support user onboarding and provide technical assistance, ensuring smooth integration and adoption of Atome's mobile application.
- Identify, document, and report usability issues and software bugs to the IT team, contributing to iterative UI/UX improvements.
- Collect and synthesize user feedback to support product optimization and enhance overall user experience.

Brand Ambassador - Shopback, Selangor Jul 2023 - Oct 2023

- Promoted and supported adoption of the ShopBack application through data-driven outreach and user onboarding initiatives.
- Provided technical assistance during app installation and usage, identifying and reporting software bugs to the IT team for resolution.
- Collaborated with users and internal teams to enhance product usability, strengthening communication, analytical, and UX-oriented problem-solving skills.

CERTIFICATIONS

MathWorks Online Training Aug 2025

- Completed MATLAB Onramp, Statistics Onramp, Machine Learning Onramp, Classification Methods with Machine Learning, Regression Methods with Machine Learning, Cluster Analysis with Machine Learning, and Curve Fitting Onramp.

Cisco Networking Courses Mar 2024

- Completed Networking Basics, Network Addressing & Basic Troubleshooting, and Networking Devices & Basic Configuration.

HONORS AND AWARDS

- Recipient of Dean's List Award for 4 consecutive semesters since April 2024 Apr 2024 - Sep 2025
- Recipient of Jeffrey Cheah ACE Scholarship Sep 2023

SKILLS

Technical Skills Java, Python, Scala (Proficient) | HTML5, CSS, JavaScript (Proficient) | SQL, PL/SQL, Oracle, MySQL (Proficient) | GitHub, VS Code, IntelliJ IDEA, Spyder, Ubuntu (Proficient) | Figma, Canva, MS Word, Excel, PowerPoint (Proficient)

Soft Skills Communication & teamwork | Problem-solving | Critical thinking | Creativity | Leadership

Languages English (Fluent), Malay (Fluent), Mandarin (Native), Cantonese (Native), Hakka (Native)
